Telecommunications policy

Index to Volume 9

March, June, September and December 1985

Articles – titles

Access to information resources: the developmental context of the Space WARC, *Heather E. Hudson*, **9**, 1, 23–30

Copyright isues for home videotaping, *Carolyn Lin*, **9**, 4, 334–350

Changing dynamics of the overseas marketplace for TV programming: the rise of international co-production, *Jean-Luc Renaud and Barry Litman*, **9**, 3, 245–261

Competition and performance in the UK telecommunications industry, *James Foreman-Peck*, **9**, 3, 215–228

DBS systems: perspectives from a profit seeking company, *Ernesto R. Martin*, **9**, 4, 291–300

Deregulation is politicization, *Jeremy Tunstall*, **9**, 3, 203–214

The diffusion of new telecommunication technologies, *John Carey and Mitchell L. Moss*, **9**, 2, 145–158

Direct broadcasting by satellite in the USA: interim regulations and implications, *James C. Hsiung*, **9**, 1, 49–62

Freedom of access to the radio spectrum for satellite communications, *David Withers*, **9**, 2, 109–120

Information technology comes home, *Walter S. Baer*, **9**, 1, 3–22

Latecomer cost handicap in satellite communications, *Harvey J. Levin*, **9**, 2, 121–136

Media diversity and communications policy: impact of VCRs and satellite TV, *Christine L. Ogan*, **9**, 1, 63–73

National telecommunications planning in Brazil, *Raul Antonio Del Fiol and José Eugênio Guisard Ferraz*, **9**, 3, 229–239

Pay television in Australia: an application of functional measurement to telecommunications demand forecasting, *L.W. Johnson, B.J. Buchanan and F.J. Crittle*, **9**, 4, 301–309

Predatory pricing and foreclosure in telecommunications, *Steven Globerman*, **9**, 4, 319–328

Predatory pricing and foreclosure in Canadian telecommunications: a rejoinder, *Robert E. Babe*, **9**, 4, 329–333

Reform of telecommunications regulation in Japan and Canada, *H. Janisch and Y. Kurisaki*, **9**, 1, 31–40

Regulation to deregulation: the telecommunications sector and industrialization – evidence from the Pacific rim and basin, *Marcellus Snow*, **9**, 4, 281–290

Regulatory issues in regional satellite communications: towards a USA–Mexico bilateral agreement, *Jorge Valerdi*, **9**, 191–202

Research and development policy in the USA: implications for satellite communications, *Fred W. Weingarten and Charles K. Wilk*, **9**, 2, 137–144

Rural telephone in Indonesia and Thailand: social and economic benefits, *Godwin C. Chu, Chote Srivisal, Alfian, and Boonlert Supadhiloke*, **9**, 2, 159–169

Telecommunications and economic development in Singapore, *Huey-tsy Chen and Eddie C.Y. Kuo*, **9**, 3, 240–244

Telecommunications, trade and TDF, *Peter Robinson*, **9**, 4, 310–318

Videotex for news and business data: comparison of user response to two information retrieval applications, *James S. Ettema*, **9**, 1, 41–48

WARC-ORB-85: guaranteeing access to the geostationary orbit, *Mahindra Naraine*, **9**, 2, 97–108

Comment/Reports

Financing and other issues in telecommunications development, *Edwin B. Parker,* **9**, 3, 185–188
The flawed link, **9**, 1, 2
Implications of deregulating satellite communications, *Lee McKnight,* **9**, 4, 276–280
ISDN for West Germany, *Rolf T. Wigand,* **9**, 1, 77–78
The Missing Link (Executive Summary), **9**, 1, 84–87
The Missing Link: a political hot potato, *Jonathan Solomon,* **9**, 2, 90–92
Mixed planning approach at Geneva, *Heather Hudson,* **9**, 4, 270–272
The new communications age in Japan, *Moriya Koyama,* **9**, 3, 182–184
Privatization of Japanese telecommunications, *Kunji Maeda,* **9**, 2, 93–95
Project evaluation techniques for investment in LDCs, *Christopher W. Nordlinger,* **9**, 2, 170–171
Setting technical standards for improved communication flows, *Ruben Näsland,* **9**, 4, 273–275
US international telecommunications goals, *Mahindra Naraine,* **9**, 1, 78–80
Usage sensitivity and priority coding: a flexible approach to telecommunications pricing, *Joseph P. Fuhr, Jr,* **9**, 3, 189–190

Conference reports

New Directions in Satellite Communications, Austin, TX, USA, 24–26 October 1984, *Heather Hudson,* **9**, 2, 171–172
TELECON IV, Annaheim, CA, USA, 15–17 October 1984, *Kathleen J. Hansell,* **9**, 1, 76–77
Thirteenth Annual Friedmann Conference: The Global Telecommunications Revolution, New York, 29 March 1985, *James Hunter,* **9**, 4, 351–352
Tracing New Orbits: Competition and Cooperation in Satellite Development, New York, 30 November 1984, *Donna A. Demac and Ann McKay,* **9**, 1, 74–76

Book reviews

Breaking Up Bell edited by David S. Evans and *Disconnecting Bell* edited by Harry M. Shooshan III (reviewed by Dean Gillette), **9**, 2, 173–175
Clear Across Australia by Ann Moyal (reviewed by Ian Reinecke), **9**, 3, 265–266
Communication Policy in Developing Countries edited by Patricia Edgar and Syed A. Rahim (reviewed by Christopher Podmore), **9**, 1, 82–83
Communication Technologies and Society by Jennifer Daryl Slack (reviewed by Christopher Podmore), **9**, 3, 262
Electronic Illusions by Ian Reinecke (reviewed by Gareth Locksley), **9**, 1, 81–82
Information Technology in the Third World by William James Stover (reviewed by William D. Steeves), **9**, 2, 176–178
Keeping America Uninformed by Donna A. Demac (reviewed by Herbert I. Schiller), **9**, 3, 264–265
Misregulating Television by Stanley Besen, Thomas Krattenmaker, Richard Metzger and John Woodbury (reviewed by Christopher Podmore), **9**, 4, 353
The Right to Communicate edited by D. Fisher and L.S. Harms (reviewed by Howard C. Anawalt), **9**, 3, 266–268
Technologies of Freedom by Ithiel de Sola Pool (reviewed by Christopher Podmore), **9**, 1, 80–81
Telecommunications America by Manley R. Irwin (reviewed by Christopher Podmore), **9**, 3, 263–264
Telecommunications Policy for the 1980s edited by Walter G. Bolter (reviewed by Rolf T. Wigand), **9**, 2, 175–176
Understanding New Media edited by Benjamin M. Compaine (reviewed by Christopher Podmore), **9**, 2, 172–173

Publications

9, 1, 83; **9**, 2, 178-179; **9**, 4, 354
